

**Program:**  
3 main look-out connected with tilted diamond bridge allow view towards West, East and South corner of the site.

**Ideas:**  
To insert series of tilted Diamond as opposed to adjacent rectilinear and solid forms to offer more fluid circulation.

**Fabrication components:**  
17 pieces of 3m x 1.5m Diamond frame tilted from 3 degree to 61 degree.+ 2 curve ridge connected on top and left edge to tie up the whole structure.  
**Material:** Card board
